Re: Ex Parte Presentation
CC Docket No. 95-155

Dear Ms. Dortch:

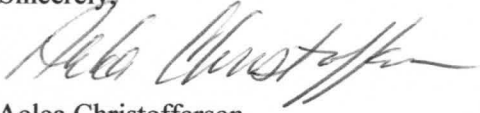

On July 2, 2013 David Greenhaus (800 Response), Heather Welch (800 Response), and I (ATL Communications) met via conference call with Wireline Competition Bureau, Competition Policy Division; Ann Stevens, Deputy Division Chief; Michelle Sclater, and Heather Hendrickson Attorney Advisors. During the call we discussed the *SMS/800 ex parte letter of June 28, 2013, filed by Gina Perini, attorney for SMS/800 Inc., regarding Allocation Method for 844 Toll Free Code Opening*

We discussed procedural issues for ex parte filings in regard to this matter, and briefly reviewed our objections to the statement by the SMS/800 Inc. that “any change to the current allocation method, including but not limited to determining consolidation of Resp Org identifications across affiliates would require what we expect to be overly burdensome financial investment and operational delay, as well as the need to make changes to the tariff – all of which would not be in place for the newly recommended 844 code opening date.”

I request that this letter, which is filed electronically, be placed in the file for the above-captioned proceeding.

Please contact me at 888-217-5784 with any questions.

Sincerely,
